## **F. APPENDIX**

### **SAFETY RULES:**

All shooters are obliged to follow the instructions by the Fire Directors of the sites, with an emphasis on safe operating of the weapons and observance of the Safety Rules. Weapons are to be handled only on the Fire Director's order; the gun is to be pointed into the designated firing sector only. It is prohibited to point the gun rearward or off the firing sector.

**If there is a gun failure and the shooter is not able to fix it within the time allowed for firing, he/she raises a hand to notify the Fire Director who will then take necessary measures.**

While shooting, all shooters are required to use ear protection gear and protective glasses. **It is strictly forbidden to consume alcoholic beverages, chemical substances affecting concentration or any**

**other addictive substances throughout the competition**, as defined in the Range Operating Procedures.

**All competitors are required to comply with a random Breathalyzer test if asked. Noncompliance can lead to disqualification.**

The organizer shall not be held responsible for any damage to the participant's personal belongings or injury.

The shooter is expected to be ready to proceed approximately 15 second after the „Load and Make Ready” („**NABÍJET!**“) command

The shooter is ready. The command „FIRE” („**PÁLIT!**“) will be followed by the start signal within 1-4 second. The shooter may not move or change position.

The command „STOP FIRE” („**Palbu ZASTAVIT!**“) is given when something unsafe has happened or is about to happen during a stage, or when something in the stage is not correct. The shooter must immediately stop all movement, place the trigger finger obviously and visibly outside the trigger guard, and await further instruction.

The command „**FINISHED, UNLOAD AND SHOW CLEAR**” („**Palbu ZASTAVIT - náboj SKRYJ!**“) will be issued when the shooter has apparently finished shooting the stage. If the shooter is finished, all ammunition will be removed from the firearm and an empty magazine and a clear chamber/cylinder will be shown to the SO. Once the SO has inspect the magazine and chamber/cylinder and found it to be clear, this command will be issued and the shooter will comply.

**Should the competitor break the Safety Rules, he/she will be disqualified.**
